

2007 COMMUNITY HEALTH GRANT RECIPIENTS

GRANT RECIPIENTS	DESCRIPTION OF GRANT	FUNDING
<p>St. Vincent Foundation <i>“Medical Care & Pharmaceuticals for the Uninsured Project”</i></p> <p><i>Little Rock</i></p>	<p>This funding will be used for the treatment of low-income and uninsured patients. The Grantee will use funds to assist patients seeking to quit smoking through treatment with nicotine replacement options, as well as provide important influenza vaccinations to patients.</p>	<p>\$ 30,500.00</p>
<p>UofA Community College at Hope <i>“A Path to Better Health Walking Trail”</i></p> <p><i>Hope</i></p>	<p>Funding will assist in construction of a walking path on the campus, to be used by students and citizens from the surrounding community. The Grantee projects to serve over 1,500 residents on an annual basis</p>	<p>\$ 44,000.00</p>
<p>White River Rural Health Center, Inc. <i>“Diabetes Project”</i></p> <p><i>Augusta – Serves Multiple Counties</i></p>	<p>The Grantee will enhance their wellness center which will increase resident access to prevention, early detection and treatment of diabetes and cardiovascular diseases. The center will accomplish this effort through a comprehensive self-management education class on chronic illnesses. Residents will receive education to develop plans and activities that will reduce risk factors and improve their health outcomes. Curriculum for the course is approved by the American Diabetes Association.</p>	<p>\$ 8,500.00</p>
<p>National Park Community College <i>“Healthier U”</i></p> <p><i>Hot Springs</i></p>	<p>Beginning in January of 2008 the college campus will become “smoke free.” In anticipation of this change, the Grantee will use these funds to provide assistant to students by use of the “Quit Smart” program, through cooperation with St. Joseph’s Mercy Hospital Health Center.</p>	<p>\$ 8,200.00</p>
<p>Health Science Education Foundation <i>“South Arkansas Commitment to Health”</i></p> <p><i>El Dorado – Serves Multiple Counties</i></p>	<p>This Grantee serves with UAMS-AHEC South Arkansas to reach Arkansans with health care services in seven counties. This Grantee will utilize the funding to purchase a diagnostic endoscope machine to assist low-income individuals in the prevention and early detection of medical issues. The Grantee will also provide a set number of free and reduced rate examines for needy patients.</p>	<p>\$ 45,000.00</p>

<p>West Central Center on Aging <i>“Healthy Changes Diabetes Self-Help Program”</i></p> <p>Fort Smith – Serves Multiple Counties</p>	<p>The Grantee will use the funding to enhance their diabetes education outreach.</p>	<p>\$ 8,500.00</p>
<p>Schmeiding Senior Health Center <i>“Living with Diabetes for Older Adults”</i></p> <p>Springdale – Serves Multiple Counties</p>	<p>The Grantee will use the funding to enhance their diabetes education outreach.</p>	<p>\$ 8,500.00</p>
<p>ASU Mountain Home <i>“Wellness – It’s All up to You”</i></p> <p>Mountain Home</p>	<p>Grantee will use funding to reduce the use of tobacco among faculty, staff and students – specifically students in the health science department. The Grantee will utilize an existing and proven program to assist with this effort. The program, entitled “Wellness – It’s All up to You,” uses an exercise component with smoking cessation efforts. Grantee will also use funding to purchase exercise equipment for the campus.</p>	<p>\$ 41,500.00</p>
<p>Brain Injury Association of Arkansas <i>“I.M. Brainy Prevention and Education Project”</i></p> <p>Little Rock – Serves Multiple Counties</p>	<p>Grantee will provide the “IM Brainy” program, a nationally recognized program, to promote intervention in preschool settings and promote and enhance protective measures related to brain safety and healthy choices among children and adults. The Grantee will host school projects and rallies, provide presentations at health education fairs, and create better public awareness on brain safety.</p>	<p>\$ 21,700.00</p>
<p>City of Charleston <i>“Life Trail Wellness Stations”</i></p> <p>Charleston</p>	<p>The Grantee will use the funding to add “Life Trail Wellness” stations along an existing community walking trail. These stations provide instruction on additional fitness exercises walkers can use to improve their health.</p>	<p>\$ 34,500.00</p>
<p>Black River Technical College <i>“Simulated Hospital Clinical Setting”</i></p> <p>Pocahontas</p>	<p>The Grantee will use the funding to purchase equipment to outfit a new, on-site health care training facility. Students at the college will have the ability to complete parts of their health care training in a clinical setting, providing them with better understanding of how actual hospital and medical facility conditions impact patient care.</p>	<p>\$ 40,840.00</p>

Huntsville Public Schools <i>"Madison County Healthy Hearts Program"</i> <i>Huntsville</i>	Funding will be used by Grantee to increase the health knowledge and training in the community. Grantee will sponsor CPR classes and purchase defibrillators for local school campuses.	\$ 18,719.00
South Arkansas Center on Aging <i>"Diabetes: Prevention & Education"</i> <i>El Dorado – Serves Multiple Counties</i>	The Grantee will use the funding to enhance their diabetes education outreach.	\$ 8,500.00
Jefferson Hospital Association, Inc. <i>"Know Your Numbers II"</i> <i>Pine Bluff</i>	The Grantee will increase the screenings and early detection programs in South Arkansas. Funding will be used to purchase important screening equipment; provide over 3,000 health screenings to the local community (including cholesterol, blood pressure, glucose, total lipid profile, weight/body fat, bone density, and provide an overall health risk appraisal); and conduct educational classes for the community.	\$ 44,421.00
Delta AHEC <i>"Total Fitness for the Mind"</i> <i>Helena – Serves Multiple Counties</i>	Grantee will use the funds to implement a service to senior Arkansans focusing on increasing brain and physical function. Funds will purchase software, "Total Fitness for the Mind," which will allow seniors to increase interaction, skill building, and activities designed to positively influence behavior change in regard to mental and physical activity.	\$ 8,620.00
TOTAL		\$ 372,000.00
